

# EASY POUSSE

The new proofing board  
for craft and semi-industrial processes!

- You need to optimize the **food safety** of your production?
- You need to **increase your productivity**?
- You need to **reduce losses** due to non-compliant products?

**The new proofing board  
Easy Pousse by SASA is for you!**

## PRODUCT ADVANTAGES

- Product made with 2 ABS surfaces with PET layer
- Environmental compliance: the PET layer is made with recycled plastic bottles
- Suitable for food contact and restricts the development of bacteria, unlike wooden boards
- Easy to handle thanks to a thinner product, lighter and more robust than the usual proofing boards on the market
- Easy to pick up shaped doughs, due to the optimal granularity of the surface and to the non-stick coating
- 2 different-coloured sides for working on, for alternative use (grey/blue)
- Extremely flat
- Easy to clean
